## Current Positions

Research Associate / PhD Student  
Pulmonary Engineering Group, Department of Anaesthesiology and Intensive Care Medicine, University Hospital Carl Gustav Carus, Technische Universität Dresden

Member of International Standard Organization  
Member of the International Standard Organization committee on non-invasive blood pressure monitoring equipment (ISO/TC121/SC3/JWG7)

## Appointments held

2010-2011 Institute of Biomedical Engineering, Technische Universität Dresden  
2007-2008 Infineon Technologies, Dresden  
2006 BrightSide Technologies Inc., Vancouver, B.C., Canada

## Education

2009 MSc in Mechatronics, specialization Biomedical Engineering, Technische Universität Dresden

## Grants, honors & awards

2015 Best abstract award at ESA 2015 in Berlin in the session Perioperative management 5 with the contribution "Reliability of a non-invasive continuous arterial pressure measurement device during perioperative total intra-vascular anaesthesia".

2011-2012 Scholarship of the Roland-Ernst-Stiftung für Gesundheitswesen "Analysis of cardiovascular biosignal parameter for monitoring of analgesia to improve perioperative anaesthesia"

2011 5th place at Computing in Cardiology Challenge: "Improving the quality of ECGs collected using mobile phones"

2011 Successful application at the challenge "Was macht gesund?" of the Federal Ministry of Education and Research with the student project "Mobile stress management"
